

## TRAILS

### FOUR PEAKS WILDERNESS

There is a network of some 40 miles of “system” trails serving the Four Peaks Wilderness Area and contiguous areas. Their condition varies from satisfactory to very poor. All trails are closed to motor vehicles and mechanical transport such as bikes.

Use a great deal of caution when traveling on backcountry trails such as this one and be aware of the risks you assume.

A few brief comments are in order about the following trail:

**Alder Saddle Trail 81:** 1/2 mile in long. This trail is a spur trail from Four Peaks. It climbs steeply to Alder Saddle. Elevation: 5840 - 6400 feet. Difficulty Level: More difficult. Use Level: Very light.

Use of any mechanized or motorized is prohibited on this trail. No more than 15 people are allowed to be in a group. No more than 15 head of livestock are allowed in a group.
